Attached are the NMED comments on the 9/5 workgroup drafts of the FOV/NOV. Quick glance through looks like no showstoppers and mainly technical comments and suggestions for changes that are editorial in nature. I expanded the time for the Wednesday team meeting to allow for getting through the drafts to

Subject: RE: Matador and Mewbourne FOV/NOV discussion

Good afternoon, Mr. Klepp.

Attached are the two subject files with NMED's comments for revision. Liz Kuehn added revisions to the Mewbourne FOV reflecting NMED's plan to issue parallel enforcement actions. We suggest similar revisions to the Matador FOV. Thank you for the opportunity to work with you on this exciting collaborative project.
